

Kraków 15th of January 2015

To whom it may concern,

We would like to confirm that the company Geokrak sp. z o. o. with its seat based in Krakow has been providing various services to LINC Energy in Poland since September 2013. One of their tasks is related to securing land access and land lease agreements for LINC Energy's planned installation for underground coal gasification (UCG) demonstration facility in the area concession Polanka – Wielkie Drogi.

The task involves direct contact and negotiations with local community residents and land owners in order to obtain the positive attitude to the planned project. Other services provided by Geokrak include but not limited to are:

- Geodetic surveys,
- Administrative preparation of permitting and concession documents,
- Preparation of Urbanistic Planning documents,

Linc Energy is very satisfied with the professionalism and progress of the tasks performed and highly appreciate the work performed by Geokrak staff.

Regards,

  
Thomas Gibney  
Country Projects Manager.
